

May 2025

Dear Brother/Sister in Christ

Grace and peace to you!

Our Stewardship Campaign is about to start in June 2025. I am really excited about this. As a church we seek to embrace God's call to be a vibrant and fruitful community, and the Trustees and I want to invite you to engage wholeheartedly in the stewardship campaign and the preaching series beginning in June 2025.

The Stewardship Campaign is more than finances—it's about aligning our hearts, time, and resources with God's purposes. Your participation, whether through giving, serving, or praying, helps sustain and grow our ministry. Let's respond with gratitude and generosity as we partner in God's work.

Beginning on the first Sunday in June, we shall embark on a powerful preaching series that will deepen our faith and inspire action. If you miss a Sunday, you can always catch up online (YouTube.com/@cchitchin)—but there's nothing like experiencing it together as a church family!

We are encouraging **everyone** to join a small group (or start one!) to explore the 5 Principles of a Fruitful Congregation. These groups are a wonderful way to grow in faith, build relationships, study and apply God's Word together. If you're not yet in one, now's the perfect time to connect!

Let's make this season one of spiritual growth, joyful giving, and meaningful community. If you have questions about the stewardship campaign, preaching series, or small groups, don't hesitate to reach out (stewardship@christchurchhitchin.org.uk or via the Christchurch Facebook group).

Thanks.

God's blessings

The Revd. Jacob Donkoh

Minister
